REAL CLASSROOMS. REAL BUILDS.

Evidence of learning by doing.

Selected workshop and campus moments from the RedRuff presenter portfolio. A visual supplement to the SDD institutional proposal.

Meet the facilitator: pavan.redruff.in

Explore the program: sdd.redruff.in

THE COMMUNITY

Learning is a team sport.

Learning communities, collaborators and workshop participants across the presenter’s archive.

Campus cohorts

Students and faculty

Photographs illustrate participation and engagement. They are not presented as evidence that any pictured attendee completed a specific SDD program.

THE PRACTICE

Workshops, not just lectures.

Hands-on classroom delivery, peer learning, and applied software experimentation.

Learning together

Applied workshops

Selected photos originate in the presenter-supplied website archive. Where event identification is not documented in the photo itself, captions remain intentionally general.

THE FACILITATOR

Builder. Educator. Mentor.

A portfolio grounded in teaching, institutional collaboration and student project mentorship.

Campus engagement

Faculty connection

Knowledge exchange

Supporting documentation: Geethanjali MERN program (organizer report); ANITS student project mentorship (participant evidence); LBRCE six-day workshop (institutional report). Event details and roles are stated more precisely in the main proposal.
